High-End Finishes	
Fast Track Capabilities	

## RECENT PROJECTS

### REGUS BUSINESS CENTER 11TH FLOOR RENOVATION COLORADO SPRINGS, CO

Complete renovation of all common spaces throughout the 11th floor, totalling 13,000 square feet of space. The entire floor remained operational at full capacity throughout all phases of construction, and the result was better workflow, upgraded finishes, and modern resources in all rooms with more efficient use of space throughout.

### VETERINARY CLINIC ADDITION, 412TH MEDICAL GROUP EDWARDS AFB, CA

Kroeschell constructed an 800-sf. kennel and storage facility, installed a new AHU, and connected new equipment to existing BAS while also installing new DDC controls. Additional square footage improved the environment of care, ensured compliance with regulations, and met all health and safety standards.
